GRODNO offer

- ⚡ Heat pumps
- ⚡ Photovoltaics
- ⚡ Cables
- ⚡ Industrial automation
- ⚡ Professional lighting
- ⚡ Air conditioning and heat recovery
- ⚡ Decorative lighting
- ⚡ Tools
- ⚡ Hydraulics
- ⚡ Monitoring and alarms
- ⚡ Automation

#ElectrifyingReliability

Photovoltaics

- ⚡ PV modules
- ⚡ Batteries
- ⚡ Protection and monitoring
- ⚡ Inverters
- ⚡ Mounting structures
- ⚡ Solar cables and connectors

- PV modules in container quantities
- Short delivery times
- Optimal solutions in terms of technology, cost, and aesthetics
- TCO, roof audit, project and as-built documentation

Suppliers:

Photovoltaics – our projects

As a PV market leader in Poland since 2008, we've completed thousands of projects. Working with us means real support for your business growth. Our clients gain an edge, save time, and always deliver top quality.

2 MW solar farm
5,838 modules

Leroy Merlin
12 installations of 50 kWp each

Ostródzka Estate in Warsaw
6 installations of 10 kWp each

Heat Pumps

- ⚡ Support in project design, selection, and servicing of heating systems
- ⚡ Assistance with commissioning, configuration, and inspections
- ⚡ Cooperation with experienced installers and design offices
- ⚡ Certification and authorization trainings for installers and plumbers
- ⚡ Business growth through loyalty programs
- ⚡ Support in preparing grant applications

HVAC

Air conditioning, heating, ventilation

- ⚡ Air and ground source heat pumps
- ⚡ Electric heating: underfloor, driveway, pipeline heating, roof and gutter frost protection systems, electric radiators
- ⚡ Control systems: devices enabling data reading and integrated control of cooling, heating, and ventilation systems (HEMS – Home Energy Management Systems)

Suppliers:

- Cooperation with design offices
- Support in applying for subsidies

HEPAC

Heating and plumbing installations

- ⚡ Heating technology products
- ⚡ Installation technology products
- ⚡ Hydraulic products for bathroom and kitchen
- ⚡ Boiler room equipment

Suppliers:

Cables

- ⚡ Electric cables
- ⚡ Installation and electrical wires
- ⚡ Telecom and mining cables
- ⚡ Cables for moving equipment
- ⚡ MV and HV cables for industry
- ⚡ Cables and wires for PV installations

- Cutting to length on request
- Delivery of available cables and wires within 24 hours

Dostawcy:

Industrial automation

- Facility protection: fire systems and building automation
- Energy cost optimisation: power compensation, stabilisation, harmonic filtration
- Energy quality measurement and diagnostics
- Selection, programming and commissioning of inverters and frequency converters
- Automation component repairs
- Periodic testing of electrical installation equipment
- Switchgear prefabrication up to 5000 A
- Power supply projects
- Installation cleaning: dry, wet (up to 1 kV), damp (up to 36 kV)

Industrial automation

- ⚡ Power distribution
- ⚡ Power circuit breakers and disconnectors
- ⚡ Meters, ammeters, voltmeters, transformers
- ⚡ Cam switches, power switches
- ⚡ Industrial, modular, and control equipment
- ⚡ Electricity meters
- ⚡ Fuse disconnectors, cartridge and knife fuses
- ⚡ Switchboards, enclosures, control and meter cabinets

Suppliers:

Professional lighting

⚡ Lighting fixtures

⚡ Light sources

⚡ Lighting poles and masts

⚡ Control systems
